PULL ASIDE • STAY ALIVE

Will you know what to do?

- ☐ Avoid driving into or through a dust storm.
- ☐ If you encounter a dust storm, immediately check traffic around your vehicle (front, back and to the side) and begin slowing down.
- □ Do not wait until poor visibility makes it difficult to safely pull off the roadway -- do it as soon as possible.
 Completely exit the highway if you can.
- □ Do not stop in a travel lane or in the emergency lane. Look for a safe place to pull completely off the paved portion of the roadway.
- ☐ Turn off all vehicle lights, including your emergency flashers. You do not want other vehicles approaching from behind to use your lights as a guide, possibly crashing into your parked vehicle.
- □ Set your emergency brake and take your foot off the brake.
- ☐ Stay in the vehicle with your seatbelts buckled and wait for the storm to pass.
- □ Drivers of high-profile vehicles should be especially aware of changing weather conditions and travel at reduced speeds.
